After Player Evaluations have been completed all eligible Players, as determined above, shall be eligible for a Major League Division draft at a time and date set by the Player Agent.

The draft rotation order for the seasons of 2020, 2021 and 2022 will be drawn of a hat. The process shall be as follows:

1. All mandatory 12 year olds will be drafted first in the order of the draft rotation. If there are more mandatory 12's than major league teams, the 12 year old draft will continue in a serpentine manner. Meaning the first place team will pick twice in a row and then continue to the last place team and continue with serpentine order until all the mandatory 12's are drafted. The only way a team is not required to draft a mandatory 12 is that they have met the criteria of maximum of 8 players in any given age group. Once that is completed, all other eligible players will start being drafted in order of the draft rotation according to Plan -B. Any player who does not meet the eligibility requirements for the Draft will automatically be assigned to the Minor League System and is not eligible for a Major League team during that season.

2. Managers must not select more than eight (8) players in any given age group. The team roster may be comprised of players of league age 9, 10, 11 and 12 unless modified by the local league according to options established by Little League Baseball, Inc. All returning 12 year old players must remain in the Major Division.

**Secrecy:** Players, parents or any volunteer shall never be told the position in which they were drafted.

2. **Bonus Picks:** Each Manager requiring eight or more players prior to the draft to complete the team roster will be allowed one bonus pick at the completion of round four. If more than one Manager is allowed bonus picks under this section, the order of rotation will be identical to that being followed in the draft.

3. **Options on Sons, Daughters and Siblings:**

- An option is an agreement between a Manager and the Player Agent covering a special condition.
- All options must be in writing and submitted to the Player Agent 48 hours prior to the draft.
- The waiver options are as follows:

1. **Brothers/Sisters in the Draft**

When there are two or more siblings in the draft, and the first brother or sister is drafted by a Manager, that Manager automatically has an option to draft the other brother or sister by the next round. If this option is not exercised, the second sibling is available to be drafted by any team.

**NOTE:** This provision also applies for Managers having eligible brothers or sisters in the draft.
